Grandwood Park Park District
Board Policy Manual

1.00 Board Policy

1.01 Forward

The Grandwood Park Park District, hereinafter the “District”, is a separate unit of municipal government, established in 1965, governed by a Board of five elected commissioners, hereinafter the “Board”, who serve without pay. It is the purpose of the District to effectively and economically provide recreational programs, facilities, and open space for the residents of the District which are designed to provide wholesome, constructive, and enjoyable leisure time experiences that benefit the individual, the family, and the community. The Board acts as the legislative and policy making body of the District in the operation, control, improvement, and planning of its parks, recreation programs, facilities, personnel and fiscal operations.

1.02 Purpose

The Grandwood Park Park District Board of Commissioners recognizes the need for a manual that contains Board policies and administrative procedures that facilitate the operation of the District on a day-to-day basis. The Board has reviewed and approved this manual and will in the future periodically review and revise the policies contained in this manual as it deems appropriate.

A. By-Laws and Legal Authority of the Park District

The Park District is governed by numerous statutes of the State of Illinois, (Ill. Compiled Stats.). The principal authority is the Park District Code (70 ILCS 1205/et seq.), which is a codification of the general law relating to park districts in Illinois. References and excerpts from the Park District Code and other related laws may be made in this manual.

B. Legal Authority of this Policy Manual

The authority of the Manual is Section 1205/8-1(d) of The Park District Code, which states as follows: “(d) To pass all necessary ordinances, rules and regulations for the proper management and conduct of business of the board and district and to establish by ordinance all needful rules and regulations for the government and protection of parks, boulevards and driveways and other property under its jurisdiction, and to effect the objects for which such districts are formed.”

The statutes of the State of Illinois, or any final court decision that is in conflict with the provisions of this Manual, shall supersede the provisions of the manual.

C. Separability

If any policy or part thereof contained in this manual shall be determined invalid in a court of law, such determination shall not affect the validity of the remaining policies or parts thereof.

D. Defining Policies and Procedures

1. Policy - A policy is any plan or course of action reflecting the mission to be achieved and officially approved by the Grandwood Park Park District. Policies provide guidelines for the operation of the District and gives direction to the Board and staff in the discharge of their duties.

A policy must be approved by the Board and recorded in writing.

2. Procedure – A procedure is any plan or course of action formulated, developed and implemented by the District to facilitate day-to-day operations within the respective policy guidelines. Procedures guide the staff in providing safe, efficient and enjoyable recreational experiences for the public by detailing the specific course of action to be taken within the general framework of the policy.

The Board shall have the responsibility of specifying the action required and designing the detailed arrangements under which the Park District operates. These detailed arrangements and specific action shall constitute the procedures that govern the day-to-day operations of the District and will, in every respect, be consistent with the policies adopted by the Board.

1.03 Board Membership

A. Number of Commissioners

The Board shall be comprised of five (5) members.

B. Term of Office

Commissioners shall be elected to serve for a term of four (4) years. Terms are designed to expire on a staggered system. Commissioners shall serve until their successors are duly elected and qualified.

C. Qualification

No person shall be eligible to serve as park commissioner unless that person is a qualified elector of the park district and has resided therein at least one year prior to election or appointment.

A person is not eligible to serve as park commissioner if that person is in arrears in the payment of a tax or other indebtedness due to the park district or has been convicted in any court located in the United States of any infamous crime, bribery, perjury, or other felony.

D. Nomination

A candidate for the office of commissioner must file a nominating petition with the Secretary of the District signed by qualified voters of the District, equal in number to not fewer than 2% of the number who voted at the last preceding election for commissioners in the District but in no case by fewer than 25 voters. Illinois Park District Code 70ILCS, hereinafter the “Code”.

Grandwood Park Park District
Board Policy Manual

The Secretary of the District shall make available nominating petition forms and the required number of signatures to any prospective candidate for the office of commissioner and shall publicize the first and last day for filing such nominating petitions well in advance of those dates.

E. Election

Commissioners shall be elected to take the place of those whose terms expire. Such elections shall take place at the election provided for by the general election law (Illinois Compiled Statutes, (10ILCS 5/1.1 et seq.).

F. Attendance

While it may not be possible for every Commissioner to attend every Board meeting, a recurrent pattern of missing meetings is not fair to the other Board members or to the taxpayers. Thus, the Board may declare the office of any Commissioner vacant if that Commissioner fails or neglects to attend any regular and special meetings of the Board for a period of three consecutive months or six regular or special meetings of the Board in any twelve-month period. The appointed Secretary of the Board is responsible for tracking attendance.

G. Vacancy

1. Declaring a Vacancy

A vacancy on the Board may be declared whenever any member dies, resigns, becomes under legal disability, ceases to be a legal voter in the District, is convicted of any infamous crime, refuses or neglects to take his/her oath of office, neglects to perform the duties of his/her office or attend meetings of the Board for the length of time or for any other reason specified by law. (Code, 70 ILCS 1205/2-25).

2. Method of Filling Vacancies

Vacancies shall be filled by appointment by a majority of the remaining members of the Board. Any person so appointed shall hold his/her office until the next regular election at which time a qualified candidate shall be elected to fill the vacancy of the unexpired term. However, if the vacancy occurs with fewer than 28 months remaining in the term or with fewer than 88 days before the next regularly scheduled election, then the person appointed to fill the vacancy shall hold his/her office until the expiration of the term for which he/she has been appointed, and no election to fill the vacancy shall be held (Code, 70 ILCS 1205/2-25).

3. Prospective Candidate Information Packet

As directed by the Board, staff should prepare a prospective candidate information packet. The packet will be available to any declared candidate upon request. The packet should include essential information about the park district to include, at a minimum, a board policy manual, annual budget and an organizational chart. A meeting schedule, brochures and information any advisory group(s) should also be included.

I. Contact with the Media

As a commissioner, you may be contacted by the news media for your comments. If unfamiliar with the issue, a commissioner may wish to call the reporter back so that he or she can be prepared with facts. A commissioner does not have the ability to speak as an independent citizen on any community issue, related or non-related to the Park District.

J. E-mail Communications Policy

It is the goal of the Board of Commissioners of the Grandwood Park Park District to keep its members informed about matters affecting the Board's work. However, the Board must be aware of the requirements imposed by the Illinois Open Meetings Act and the Local Records Act, particularly as they apply to communication among Board members outside normal Park District Board meetings.

Generally, Commissioners shall not use e-mail to conduct Park District business. E-mail communication to, by and between Park Commissioners is permitted on a limited basis for non-substantive matters such as:

Agenda item suggestions, reminders regarding meeting times, dates, and places, Board Meeting agenda or public record information concerning agenda items, or responses to questions posed by the community or staff, subject to this policy's first section.

E-mail sent between and among Commissioners regarding such non-substantive matters shall be copied to the Park District Manager. There is no expectation of privacy for any messages sent or received by e-mail.

Procedure for E-mail Communications:

The Board of Commissioners hereby adopts the following procedures with regard to the use of e-mail and similar electronic forms of communication to assist in our efforts to comply with the Open Meetings Act.

1. The electronic "chat rooms" are inherently detrimental to the open meetings process and therefore the Board will not utilize "chat rooms" to conduct Park District business or deliberations.
2. "Bulletin boards" or other similar formats, which permit the development of "discussion threads" among Board members, also will not be utilized; however, Board members may read the comments of others who are not Board members as they see fit.
3. A Board member may send e-mail items to all other Board members with items of passing interest provided that no response is requested or required. Such e-mails should clearly state that no response should be made. It is required that a copy of any such e-mails be sent to the Park District Manager for storage.

Grandwood Park Park District
Board Policy Manual

4. A Board member may send e-mail items to all other Board members regarding scheduling issues. Board members may reply to the sender provided only that their response is limited to the subject of the original message and does not cross over to items of substance.
5. Commissioners may correspond between themselves if such correspondence would not constitute a violation of the Open Meetings Act. Commissioners may share information if there is no intent to conduct public business.

(Any communication between three Commissioners about substantive Park District business constitutes a violation of the Open Meetings Act. Three commissioners constitute a quorum of a five-member Board.) (amended 8/17/07)

6. Any item of business for a Board agenda shall be directed to the Park District Manager so that it may be included in the Board's agenda. Action items shall be prepared and distributed by the Park District prior to board meeting for review.

The Park District Manager shall store official e-mail records. The records shall be maintained for a time period that is established by the State of Illinois.

K. Use of Electronic Devices by Park Board Members Policy

2. To go into executive session,
3. To approve a consent agenda,

5. And to pass any ordinance.

C. When to abstain from voting

It is a general rule that no one can vote on a question in which he/she has a direct personal or pecuniary interest (however, it does not prevent a member from voting for self for any office). A commissioner should explain why he/she is recusing him/herself prior to a motion being made or discussion and once that declaration is made, he/she must remain silent including abstaining from discussion.

D. When and how to make a motion or second

2.00 Administrative Policy

2.01 Forward

The Grandwood Park Park District is a municipal corporation duly organized on October 5, 1965, under an Act of the General Assembly of the State of Illinois, governed by a Board of five elected commissioners who serve without pay. The mission of the Park District is to be “committed to enriching the quality of life for the community by providing the best facilities and recreational activities possible to residents of all ages, through the efforts of staff, the involvement of area residents, the Grandwood Park Civic Association (GPCA), the generosity of businesses, and the cooperation of governmental and private agencies to maintain, conserve and protect natural resources for the benefit of our present and future citizens”. It is the goal of the District to meet the needs and expectations of the community regarding the Grandwood Park Park District, and to provide the best park/community environment possible within our means and abilities.

The District is ever mindful that the public parks and facilities of the community are held in trust by the District for the use and enjoyment of the general public and this use and enjoyment is a valuable right. For these reasons, the District intends to make the parks and facilities available for various uses.

B. Conditions

So that the philosophy stated above shall be clearly understood, the use of District parks and facilities shall be restricted by certain conditions including but not limited to:

1. The District shall not delegate to any group or individual its duty of administering the parks and facilities.
2. Permission to use a park or facility shall be granted only when the function can be reasonably accommodated by the District and where such use will not unduly interfere with the rights of the general public, the general public enjoyment of the park or facility, the previously scheduled use for District programs or for other approved use and will not present a clear and present danger to the health and safety of the community.
3. No function shall be undertaken or conducted in a District park or facility by any group without a written application being filed and approved, in accordance with the Ordinances of the District and any other unit of local government having jurisdiction.

Any contract issued may contain reasonable terms and conditions that will protect District property and assure orderly and proper use of the park or facility.

Any contract issued may be revoked for misrepresentation in the application, or for violations of the terms and conditions of the permit; the ordinances, rules and regulations of the District; or the laws of the State of Illinois.

The issuing of a contract shall not be construed as an endorsement by the District or the Board of the subject matters discussed, the opinions expressed, or the group sponsoring the function.

2.07 Control of Parks

The Board shall have the authority to establish by ordinance all needful rules and regulations for the government and protection of parks and other property under its jurisdiction (70 ILCS 1205/8-1(d) et seq.) and to prescribe such fines and penalties for the violation of ordinances as it shall deem proper not exceeding \$750 for any one offense (70 ILCS 1205/8-1(e) et seq.). Exercising this authority, the Board has adopted, and may from time to time, amend District Ordinances.

2.08 Use of Grandwood Park Park District Facilities/Parks

The Grandwood Park Park District provides entertainment to the community through various special events and programs. Park District events will have first priority for use of a facility. 2.09 Naming of Parks

It is the responsibility of the Board to select names for new parks, buildings, and facilities (“park property”), or when appropriate, to change the existing name(s) of park property of the District.

The following criteria shall prevail in the naming or renaming of parks:

5.00 Non-Discrimination Policy

5.01 Statement of Purpose

The Americans with Disabilities Act (ADA) was signed into law on July 26, 1990, and went into effect January 26, 1992. The Americans with Disabilities Act was designed to avoid unreasonable discrimination in the provision of public services and benefits against persons with disabilities.

The Act is divided into five major areas, including employment, government services (Title II), public transportation, business and telephone service.

5.02 Administration of the Policy

The District services, programs, and activities are subject to all applicable laws regarding non-discrimination including the Americans with Disabilities Act (ADA).

The District will make reasonable accommodations to facilitate an individual's participation in programs and activities.

The District requests that when an individual requires a special accommodation to participate in a program or service provided by the District, the individual is urged to call the Park District prior to the activity. Any necessary accommodations can then be discussed with a staff member.

Any other requests or comments regarding the Americans with Disabilities Act, in relationship to the District, can be referred to the Park District Manager located at the Administrative office on Hutchins Rd.

5.03 Accessibility Study and Compliance

The District will periodically perform a self-evaluation of its accessibility for programs, services and facilities. The evaluation will be performed at a maximum every five years or when a District Master Plan is adopted, whichever comes first. Evaluations may also be performed upon request from local or federal governments, the District's Safety Committee and the District's liability insurance company. The evaluation may include staff and community involvement, an ADA Compliance Officer named by the District, a review of job descriptions and an implementation plan.

6.00 Sexual Harassment Prohibition Policy

6.01 Statement of Purpose

The Park District is committed to a work environment in which all individuals are treated with respect and dignity. Each individual has the right to work in a professional atmosphere that prohibits discriminatory practices, including sexual harassment. Therefore, the Park District expects that all relationships among persons in the workplace, including relationships with members of the public, will be business-like and free of bias, prejudice and harassment.

6.02 Administration of the Policy

The Park District will not tolerate sexual harassment of or by any of its employees and elected officials. Any Park District official (including an elected or appointed official) who engages in practices or conduct constituting sexual harassment shall be subject to appropriate remedial action, up to and including removal from office.

Please see Appendix D for complete policy.

7.00 Smoke/Tobacco Free Environment

7.01 Statement of Purpose

The District realizes that the issue of smoking and/or tobacco use within the workplace and public facilities has been of growing national concern. The District believes smoking/tobacco use in the proximity of youth and adults engaging in or watching recreational activities whether indoors or outside on District owned or operated facilities is detrimental to their health and can be offensive to those at such locations.

Therefore, In the best interest of employees, program participants, guests and visitors of the District, and to create a healthy environment in which to work and recreate, smoking and/or tobacco use of any kind will not be allowed on any District property or any District vehicle.

The District also reserves the right to enact more restrictive ordinances when in accordance with local, state, or federal law.

7.02 Administration of the Policy

The Smoke Free Illinois law, effective January 1, 2008, also prohibits smoking within 15 feet of any park district facility entrance.

8.00 Environmental Policy

8.01 Statement of Purpose

It is the intent of the District to encourage its residents, employees, and members of the Board to set a high standard of leadership and competency in the promotion of sound environmental practices and lifestyles. The District feels it has an obligation to set an example and assume a leadership role in development and use of procedures, practices, and environmental applications that promote a healthy environment.

8.02 Administration of the Policy

The District will achieve their environmental goals through the following practices:

- A. Purchase and use of environmentally safe and sensitive products:

9.00 Comprehensive Revenue Policy

9.01 Statement of Purpose

The District understands the need to establish fees and charges for certain recreation programs and services. The charging of fees is intended to promote a greater interest and appreciation by participants as they share a portion of the cost of programs and receive a well-structured, disciplined program.

9.02 Administration of the Policy

The district acknowledges that the majority of recreation services should be self-sustaining and preferably contribute to the indirect costs of the program. The district also acknowledges that the contribution towards indirect costs may affect the affordability of fees charged for a program and may not always be applicable. In addition, activities and programs that serve a large majority of taxpayers (i.e. special and holiday events), may be offered free to the public as long as funds remain available.

9.03 Resident/Non-Resident Fees

The District understands that area residents provide tax revenue assistance towards the entire operational costs of the park district and is invaluable to the provision of quality parks and recreation programming. Therefore, citizens not providing tax revenue to the district may be charged higher fees for programs and/or facilities. These non-resident fees will typically be set higher than the resident fee but may change to provide necessary economic support towards all program fee classifications. Some exceptions to the higher fee are trips, senior programming, select special events, and some programs taught at a commercial/private facility. When a program is conducted at a school district facility and the non-resident resides in that school district, the resident rate will apply.

Residency shall be determined as the home and/or living address. Individuals who own residential property, but do not reside in that house shall receive resident rates by showing a tax bill with his/her name on it.

Business owners within the Grandwood Park Park District are eligible to receive the same program benefits as residents of the district. In order to qualify, a business owner (and immediate family) must register using the business address and provide either a copy of the real estate tax bill if they own the property or the building lease agreement. Additional documentation may be required as proof, if the above items do not clarify the ownership.

The Treasurer will also advise the Park Board if and when in his judgment revisions in this policy are necessary or desirable.

The Treasurer shall make investments using the “prudent person” standard, which states that investments shall be made with judgment and care under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the possible income to be derived.

The Treasurer, with the advice and assistance of the Director, shall establish written procedures for the operation of the District’s investment program, consistent with this investment policy. Such procedures shall include specific delegation of authority to persons responsible for or assisting with investment transactions and reporting. The Treasurer shall establish a system of controls to regulate and monitor the activities of these persons.

The Treasurer shall be responsible for the obtainment, maintenance and periodic review for compliance with this policy, of all agreements (e.g. depository agreements, wire transfer agreements, safekeeping agreements, custody agreements) necessary or desirable to fulfill the investment responsibilities and requirements of this policy. - C. receive, in any manner, compensation of any kind from any investments in which the District invests its funds.

The interested member or members of the Park Board must publicly state the nature and extent of their interest during deliberations concerning the proposed award of such a contract, but shall not participate in any further deliberations concerning the proposed award. The interested member or members shall not vote on such a proposed award. Any member or members abstaining from participation in deliberating and voting under this provision may nevertheless be considered present for purposes of establishing a quorum. Award of such a contract will require approval by a majority vote of those park commissioners then holding office. Consideration and award of any such contract in which a park commissioner is interested may only be made at a regularly scheduled meeting of the Park Board.

11.03 Investment Objectives

The Park Board recognizes its responsibility as custodians of public funds. Investments shall be based on statutory constraints, prevailing market conditions and the District's authorized needs. Investment activities will be governed by the following specific objectives:

- A. **Safety of Principal** – Every investment should be made with safety as the primary and overriding concern. Each investment transaction should ensure that loss of capital, whether from credit or market risk, is avoided. Investments shall be undertaken in a manner that seeks to ensure the preservation of capital in the overall portfolio. Diversification is required, as appropriate, so that potential losses on individual securities and/or financial institutions do not exceed the income generated from the remainder of the portfolio.
- B. **Liquidity** – Maturity and marketability aspects of investments should tie in directly with the anticipated cash flow needs of the District.
- C. **Rate of Return** – The highest rate of return on investments should be sought consistent with the safety of principal, the cash flow characteristics of the portfolio and legal restrictions for return on investment.
- D. **Public Trust** – The District's commissioners and officers should avoid any investment transaction or practice which in appearance or fact might impair public confidence in its stewardship of District funds. This policy is designed to prevent losses of funds due to fraud, employee errors, and misrepresentation by third parties or imprudent action by park district employees.

11.04 Designation of Depository/Change in Designated Depository/Notification of Sureties

Designations of depositories shall be made by the Park Board, with the advice of and in consultation with the Treasurer. The Treasurer and each park commissioner will be required to indicate any personal financial interest in any depository proposed for designation. Before receiving any deposit of District funds, the financial institution to be designated must provide the District with copies of the last two (2) sworn statements of resources and liabilities or condition filed with the financial institution's state or federal regulator. While acting as a District depository, a financial institution must continue to furnish the District with such statements within 45 days of the end of each quarter.

In addition the District will not maintain funds in any institution not willing or capable of posting required collateral for deposited funds in excess of FDIC, BIF, or SAIF insurable limits.

Funds may not be transferred to a new depository until at least ten (10) days after the new depository is designated and the new depository has provided the District with the statements of resources and liabilities or condition as described above.

The change in the investment policy will then be brought to the Park Board for approval.

11.07 Safekeeping and Collateral

The Treasurer shall negotiate the security for all investments with the institution in which the District's funds are deposited or from which the investment is being purchased. The Treasurer shall determine the type and amount of collateral required in accordance with these policies and Illinois law.

Grandwood Park District
Board Policy Manual

The Treasurer will review on a monthly basis the ratio of the fair market value of collateral to the amount of the funds secured and shall request additional collateral when the ratio declines below the minimum required level.

The Treasurer may also require an institution to provide collateral which exceeds the minimum collateral requirements of this policy when, in the Treasurer's judgment, such additional collateral is desirable given his review of the financial condition or changes therein of the institution in/with which deposit or investment will be or has been made.

Third party safekeeping is required for all collateral. To accomplish this, depending on the type of collateral, the collateral can be held at:

- A. A Federal Reserve Bank or its branch office; or

11.09 Reporting Requirements

The Treasurer shall also provide a written annual report on the District's investment program and activity within thirty (30) days following the close of the District's fiscal year. The report will include a review of the year's overall investment performances as well as a projection of what may be anticipated in the future. This policy shall be reviewed by the staff and the Board at least every two (2) years to ensure its consistency with respect to the objectives of safety, liquidity, yield and its relevance to current laws and financial trends.

This policy shall be made available to the public at the Park District's office.

12.00 Capital Asset Policy

Assets that have a value of \$10,000 or more and have a useful life of five years or more should be capitalized in the year they are acquired. Improvements done to existing assets that increase the value of the assets should also be capitalized. Normal repairs that merely maintain the asset in its present condition should be recorded as expenditure and should not be capitalized. These assets are categorized as various classes such as Land, Buildings, Improvements other than buildings, and Equipment.

12.01 Valuation

All assets reported as capital assets should be recorded at their historical cost. Cost, for this purpose, includes not only the purchase price or cost of construction, but also any other charges incurred “to place the asset in its intended location and condition for use.”

12.02 Capital Asset Classes

Capital assets are classified into four major groups including land, buildings, improvements other than buildings, and machinery and equipment.

The “land” account includes all land purchased or otherwise acquired by the Park District. The land account should include not only the cost of land itself, but also the cost of preparing land for its intended use. Intent, for this purpose, should be judged as of the date of acquisition.

The “buildings” account includes the value of all buildings at purchase price or construction cost. The cost should include all charges applicable to the building, including brokers or architect’s fees and interest on borrowed money during construction.

The “improvements other than buildings” account is used for permanent (i.e., non-detachable) improvements that add value to land (e.g., fences, retaining walls). This account also is used for leasehold improvements (i.e., permanent improvements the Park District makes to property it is leasing under an agreement classified as an operating lease).

The “machinery and equipment” account consists of property that does not lose its identity when removed from its location and is not changed materially or expended in use. This property should be recorded at cost, including freight, installation and other charges incurred to place the asset in use.

Donated assets should be recorded at their estimated fair market value at the date of donation. This rule applies only to donations made from outside the financial reporting entity.

12.03 Useful Life

Following is a listing of the different classes of assets and their standard useful lives.

Grandwood Park Park District
Board Policy Manual

<u>Class</u>	<u>Years</u>
Land	no limit
Buildings	50
Improvements other than buildings	20
Machinery & Equipment	5

12.04 Procedure for Additions & Disposals of Assets

The Accountant is responsible for keeping the capital asset records up to date.

A. Additions

Additions to capital asset account group will be done on an annual basis. All assets recorded during the current fiscal year are defined as current year additions. These should include purchases of new as well as used assets, all donated assets and assets acquired through capitalized leases.

B. Disposals

All items sold, traded-in, scrapped, abandoned or in any way removed from service during the current fiscal reporting period are classified as disposals. If there are assets on the list that are no longer in service, they should be retired.

12.05 Depreciation

Depreciation is used to reflect the economic loss in the value of an asset. Generally Accepted Accounting Principles (GAAP) requires that the method used to allocate the cost of a capital asset over its estimated useful life be as equitable as possible to the periods during which services are obtained from the use of the asset. In most cases, the straight line method of depreciation will be used for all assets.

13.00 Recreation Planning, Development and Evaluation Policy

13.01 Statement of Purpose

The Grandwood Park Park District will seek input from the community and participants in the planning, development and evaluation of recreation programs and services.

Utilization of the community newsletter, comment cards at community events, and the website will be used to reach out to the community for input.

13.02 Program Evaluations

Evaluations or surveys will be administered to evaluate programs. All comments, suggestions, and ideas will be tabulated and given to the Board of Commissioners. Changes, suggestions or additions to programs may be determined from these evaluations.

14.00 Community/Affiliate Group/Intergovernmental Agreement Policy

14.01 Statement of Purpose

The Grandwood Park Park District (hereafter “Park District”) recognizes that certain organizations exist within the community whose purposes are to serve and enhance recreational opportunities for a specific purpose and group. These organizations are separate and independent from the Park District and provide for their own leadership, organizational and operational structure. Although the stated missions of the organizations may differ, public investment in public recreational facilities and programs creates a mutually beneficial environment in which to provide quality recreation for all the individuals served by the parties, as well as the general public.

The Park District recognizes that at times it is in the best interest of the community that the Park District work with outside organizations in coordinating, integrating and consolidating the planning and provision of recreational facilities and programs when basic functions are compatible and a public benefit may be derived. Through working relationships with outside organizations and joint efforts, each party can contribute to greater public service without relinquishing their separate identities or any of their individual responsibilities.

It is also in the best interest of the Grandwood Park community to cooperate in the usage of the parks and facilities operated by the Grandwood Park Park District or other Governmental Agencies. Pursuant to the provisions of Article VII, Section 10, of the Constitution of the State of Illinois of 1970, and the Intergovernmental Cooperation Act, 5 ILCS 220/1 et seq., the Grandwood Park Park District has the authority to associate and cooperate with governmental agencies within the community. When this occurs, an Intergovernmental Agreement between the two agencies will be drafted and approved by both governing boards.

14.02 Administration of the Policy

To this end, the Park District is willing to establish a working relationship and cooperative agreement with Governmental Agencies, Community Groups, Affiliates and Sponsored Groups using the following means:

- Intergovernmental Agreements
- Cooperative Agreements with parent-run youth programs
- Program Sponsorship
- Affiliate Group Agreements

15.00 Municipal Bond Rating Policy

It is the policy of the Board of Commissioners of Grandwood Park Park District to work with its financial advisors to determine the need of obtaining a municipal bond rating. This determination will be made singularly as the need for bonds arise and will be made on an issue-by-issue basis. Consideration will be given to the amount of the bond, length of the bond, local financial institutions' willingness to purchase the bond un-rated at competitive rates, or any other material factors that would allow the Park Board to make the best fiscal determination on behalf of the public trust.

Grandwood Park Park District
Board Policy Manual

16.00 Bill Payment Policy

It is the policy of the Grandwood Park Park District Board of Commissioners and staff to pay all of its bills in a timely manner according to the State of Illinois State Statutes. Park District staff will use all payment plans that would enable them to receive discounts or bonuses for prepayment of bills according to specific vendor guidelines, resulting in a savings for the agency. The appropriate department head will review and send all bills to the Park District Manager for final approval. Bills will be processed monthly and paid within thirty (30) days of receipt unless held for nonperformance of services, contract, or any dispute over legitimacy of charges being billed.

17.00 Identity Protection Policy

17.01 Statement of Purpose

This policy is enacted in compliance with the Illinois Identity Protection Act, 5 ILCS 179/1 et seq. (the “Act”), which requires all local government agencies to draft and approve an identity-protection policy.

17.02 Administration of the Policy

In conformance with the provisions of said Act:

1. Appendix C: Travel Reimbursement Ordinance

Grandwood Park Park District

ORDINANCE NO. 16-1214002
AN ORDINANCE ESTABLISHING A TRAVEL REIMBURSEMENT POLICY
IN ACCORDANCE WITH
THE LOCAL GOVERNMENT TRAVEL EXPENSE CONTROL ACT
(PUBLIC ACT 099-0604)

WHEREAS, the Grandwood Park Park District is a non-home rule unit of local government; and

WHEREAS, Public Act 099-0604 established the Local Government Travel Expense Control Act, which requires all non-home rule units of local government to adopt by resolution or ordinance a policy governing reimbursement of all travel, meal, and lodging expenses of officers and employees; and

WHEREAS, the Board of Commissioners finds it to be in the best it interest of the Grandwood Park Park District to adopt such a policy;

NOW, THEREFORE BE IT ORDAINED, by the Board of Commissioners of the Grandwood Park Park District that:

Section 1. The Board of Commissioners establishes the following policy governing reimbursement of all travel, meal, and lodging expenses:

**Policy Governing Reimbursement
of Employee and Officer Travel, Meal and Lodging Expenses**

A. Purpose.

The Board of Commissioners will reimburse employee and officer travel, meal, and lodging expenses incurred in connection with pre-approved travel, meal, and lodging expenses incurred on behalf of the Grandwood Park Park District. Employees and officers are expected to exercise the same care in incurring expenses for official business as a prudent person would in spending personal funds.

B. Definitions.

"Entertainment" includes, but is not limited to, shows, amusements, theaters, circuses, sporting events, or any other place of public or private entertainment or amusement, unless ancillary to the purpose of the program or event.

"Travel" means any expenditure directly incident to official travel by employees and officers of the Grandwood Park Park District or by wards or charges of the Grandwood Park Park District involving reimbursement to travelers or direct payment to private agencies providing transportation or related services.

Grandwood Park Park District
Board Policy Manual

C. Authorized Types of Official Business.

Travel, meal and lodging expenses shall be reimbursed for employees and officers of Grandwood Park Park District only for purposes of official business conducted on behalf of the Grandwood Park Park District, which includes but is not limited to off-site or out-of-town meetings related to official business and pre-approved seminars, conferences and other educational events related to the employee's or officer's official duties.

D. Maximum Allowable Expenses.

Maximum Expenses Without Board/Council Approval – Travel, meal, and lodging expenses incurred by any Commissioner or Employee in excess of \$3,000 must be previously approved in an open meeting by a majority roll-call vote of the Board of Commissioners.

Airfare – Travelers are expected to obtain the lowest available airfare that reasonably meets business travel needs. Travelers are encouraged to book flights at least thirty (30) days in advance to avoid premium airfare pricing. Only coach or economy tickets will be paid or reimbursed. The traveler will pay for the difference between higher priced tickets and coach or economy tickets with his or her personal funds.

Personal Automobiles – Use of a personal vehicle for business travel beyond incidental must be approved prior to the use. **Mileage reimbursement will be based on mileage from the work location office to the off-site location of the official business**, not from the employee's or officer's residence. When attending a training event or other off-site official business directly from an employee's or officer's residence, no reimbursement will be made if the distance is less than the mileage of a normal commute to the workplace. If the distance is greater than the employee's or commissioner's normal commute, reimbursement will be paid based on the differential of the commute less the mileage of a normal commute to the workplace. An employee or officer will be reimbursed at the prevailing IRS mileage rate. The traveler will only be reimbursed up to the price of a coach airfare ticket if they drive to a location for which airfare would have been less expensive.

Automobile Rentals – Travelers will be reimbursed for the cost of renting an automobile including gasoline expense only as limited in this section. Travelers using rental cars to conduct official business are required to purchase insurance through the rental agency. Car rental insurance will cover the vehicle during personal use, e.g., using the vehicle after the conference has ended. Compact or mid-size cars are required for two or fewer employees or officers traveling together and a full-size vehicle may be used for three or more travelers. The traveler must refuel the vehicle before returning it to the rental company.

Public Transportation – In the case of local training or official business where an employee or officer chooses to use public transportation, reimbursement for use of public transportation is based on mileage from the agency office to the training site (not from the traveler's residence), regardless of the transportation method chosen. When attending training or business directly from an employee's or officer's residence, no reimbursement will be made if the distance is less than the mileage of a normal commute to the workplace. If the distance is higher than the traveler's normal commute, reimbursement will be paid at the differential of the commute less the mileage of a normal commute to the workplace.

Other Transportation – The traveler should utilize hotel shuttle service or other shuttle services, if available. If none are offered, the use of the most economic transportation is encouraged.

Grandwood Park Park District
Board Policy Manual

Hotel/Motel Accommodations – The traveler will be reimbursed for a standard single-room at locations convenient to the business activity. In the event of a change in plans or a cancellation, the traveler must cancel the hotel/motel reservation so as not to incur cancellation charges. Cancellation charges will not be reimbursed by the District unless approved by a vote of the Board of Commissioners.

Meals Meal reimbursement is limited to the current U.S. General Services Administration (GSA) regulations in place at the time the expense is occurred.

Prior approval by the Board of Commissioners and submission of original receipts are required for per diem allowances. Meals provided by the conference or seminar should be deducted from the per diem allowance. Partial reimbursement may be made for departure and return days based on time. Meals during in-state travel that is not an overnight stay will be reimbursed for actual cost not to exceed the GSA regulations.

Vacation in Conjunction with Business Travel – In cases where vacation time is added to a business trip, any cost variance in airfare, car rental, lodging and/or any other expenses must be clearly identified on the Travel, Meal, and Lodging Expense Report form and paid by the traveler.

Accompanied Travel – When a traveler is accompanied by others not on official business, any lodging, transportation, meals or other expenses above those incurred for the authorized traveler will not be reimbursed by the Grandwood Park Park District.

Parking – Parking fees at a hotel/motel will be reimbursed only with a receipt.

E. Approval of Expenses.

Travel, meal, and lodging expenses incurred by any employee in excess of \$3,000 must be previously approved in an open meeting by a majority roll-call vote of the Board of Commissioners.

Travel, meal, and lodging expenses incurred by any member of the Board of Commissioners must be approved by roll call vote at an open meeting of the governing board or corporate authorities of the local public agency.

Travel, meal, and lodging expenses advanced as a per diem to any employee or any member of the Board of Commissioners must be approved by roll call vote at an open meeting of the Board of Commissioners prior to payment. Documentation of expenses must be provided in accordance with Sections C, D and F of this policy, and any excess from the per diem must be repaid.

F. Documentation of Expenses.

Before an expense for travel, meals, or lodging may be approved under Section E of this Policy, the following minimum documentation must first be submitted, in writing, to the Board of Commissioners on a Travel, Meal, and Lodging Expense form:

- (1) an estimate of the cost of travel, meals, or lodging if expenses have not been incurred or a receipt of the cost of the travel, meals, or lodging if the expenses have already been incurred;

Sexual Harassment Prohibition Policy

A. Introduction

The Park District is committed to a work environment in which all individuals are treated with respect and dignity. Each individual has the right to work in a professional atmosphere that prohibits discriminatory practices, including sexual harassment. It is the responsibility of each and every employee, officer, official, park commissioner, agent Therefore, the Park District expects that all relationships among persons in the workplace, including relationships with members of the public, will be business-like and free of bias, prejudice and harassment., volunteer, and vendor of the Park District as well as anyone using the Park District's facilities, to refrain from sexual harassment. The Park District will not tolerate sexual harassment of or by any of its employees and elected officials. Actions, words, jokes, or comments based on an individual's sex, sexual identity or orientation, civil union partnership, or any other form of sex discrimination or harassment will not be tolerated.

This policy should not, and may not, be used as a basis for excluding or separating individuals of a particular gender, sexual orientation, civil union partnership, or any other protected characteristic, from participating in business or work-related social activities or discussions in order to avoid allegations of harassment. The law and policies of the Park District prohibit disparate treatment on the basis of race, religion, age, national origin, sex, sexual identity or orientation, civil union partnership, or any other protected characteristic, with regard to terms, conditions, privileges and prerequisites of employment. The prohibition against sexual harassment, discrimination and retaliation are intended to complement and further these policies, not to form the basis of an exception to them.

B. Definition of Sexual Harassment

Sexual harassment means any unwelcome sexual advances or requests for sexual favors or any conduct of a sexual nature when:

(i) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment;

(ii) submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual; or

(iii) such conduct has the purpose or effect of substantially interfering with an individual's work performance or creating an intimidating, hostile, or offensive working environment. For purposes of this definition, the phrase "working environment" is not limited to a physical location an employee is assigned to perform his or her duties and does not require an employment relationship.

Sexual harassment may include a range of subtle and not so subtle behaviors and may involve individuals of the same or different gender. Depending on the circumstances, these behaviors may include, but are not limited to: unwanted sexual advances or requests for sexual favors; sexual jokes and innuendo; verbal

Grandwood Park Park District
Board Policy Manual

abuse of a sexual nature; commentary about an individual's body, sexual prowess or sexual deficiencies; leering; catcalls or touching; insulting or obscene comments or gestures; display or circulation in the workplace of sexually suggestive objects or pictures (including through e-mail, text messages or other workplace communications); and other physical, verbal or visual conduct of a sexual nature.

Conduct prohibited by this policy is unacceptable in the workplace and in any work-related setting outside the workplace, such as during business trips, professional conferences, business meetings and business-related and/or Park District sponsored social events.

Any employee who engages in practices or conduct constituting sexual harassment shall be subject to disciplinary action, up to and including discharge. Any Park District official (including an elected or appointed official) who engages in practices or conduct constituting sexual harassment shall be subject to appropriate remedial action, up to and including removal from office.

C. Retaliation Is Prohibited

The Park District prohibits retaliation against any individual who reports sexual harassment, participates in an investigation of such reports, or files a charge of sexual harassment. Retaliation against an individual for reporting sexual harassment, for participating in an investigation of a claim of sexual harassment, or for filing a charge of sexual harassment is a serious violation of this policy and, like sexual harassment itself, will result in disciplinary action, up to and including termination or removal from office against the retaliator.

Should you be subjected to retaliation for reporting sexual harassment, participating in the investigation of any such report, or for filing a charge of sexual harassment with the Illinois Department of Human Rights or any other federal, state, or local governmental agency with jurisdiction over such a charge, you have the right to file a charge with the Illinois Department of Human Rights at the James R. Thompson Center, 100 West Randolph Street, Suite 10-100, Chicago, Illinois 60601, (312) 814-6200, or filing a civil action against the retaliator under the Illinois Whistleblower Act. You also may have recourse under the State Officials and Employees Ethics Act.

D. Reporting Procedure

The Park District strongly urges the reporting of all incidents of sexual harassment or retaliation, regardless of the offender's identity or position. Early reporting and intervention have proven to be essential to the resolution of actual or perceived incidents of harassment. Therefore, while no fixed reporting period has been established, the Park District strongly urges the prompt reporting of complaints or concerns so that rapid and constructive action can be taken.

The availability of this reporting procedure does not preclude individuals who believe they are being subjected to sexual harassment from promptly advising the offender that his or her behavior is unwelcome and requesting that it be discontinued.

If you experience or witness sexual harassment, you should deal with the incident(s) as directly and firmly as possible by reporting the incident(s) to your immediate supervisor, your department head, and/or the Park District Manager. You should also document or

Grandwood Park Park District
Board Policy Manual

record each incident (what was said or done, by whom, the date, time and place, and any witnesses to the incident). Written records such as letters, notes, memos, e-mails, and telephone messages can strengthen documentation. It is not necessary that the harassment be directed at you to make a complaint. Following are steps you can take in the reporting process:

- **Direct Communication with the Offender:** If you experience or witness sexual harassment, you should directly and clearly express your objection to the offending person(s) regardless of whether the behavior is directed at you. If you are the harassed employee, you should clearly state that the conduct is unwelcome and the offending behavior must stop. However, you are not required to directly confront the person who is the source of your report, question, or complaint before notifying any of those individuals listed below. The initial message may be oral or written, but documentation of the notice should be made. If subsequent messages are needed, they should be put in writing.
- **Report to Supervisory and Administrative Personnel:** At the same time direct communication is undertaken, or in the event you feel threatened or intimidated by the offending person, you should promptly report the offending behavior to your immediate supervisor, department head or the Park District Manager. If you feel uncomfortable doing so, or if your immediate supervisor and/or department head is the source of the problem, condones the problem or ignores the problem, report directly to the Park District Manager. If the Park District Manager is the source of the problem, condones the problem, or ignores the problem, you should contact the President of the Board of Park Commissioners.
- **Report to Manager/President of the Board of Park Commissioners:** An employee may also report incidents of harassment or discrimination directly to the Park District Manager. The Park District Manager or her designee will promptly investigate the facts and take corrective action when an allegation is determined to be valid. If your complaint alleges harassment by the Park District Manager, or if the Park District Manager condones the problem or ignores the problem, you should immediately report the incident or incidents in writing directly to the President of the Board of Park Commissioners. An investigation will be conducted and appropriate action will be taken when an allegation is determined to be valid. At no time will personnel involved in the alleged harassment conduct the investigation.
- **You have the right at any time to contact the Illinois Department of Human Rights (IDHR)** at the address and/or telephone number listed above, about filing a formal complaint. Thereafter, depending upon the results of the IDHR's investigation and the time required to complete the investigation, the IDHR may file a complaint with the Illinois Human Rights Commission (HRC), located at 100 W. Randolph St., Ste. 5-100, (312) 814-6269, or you may have the right to file a complaint on your own behalf either in circuit court or directly with the HRC.

E. Complaints Against Non-Employees and Third Parties

If you make a complaint alleging sexual harassment against an agent, vendor, supplier, contractor, volunteer or person using Park District programs or facilities, the Park District Manager will investigate the incident(s) and determine the appropriate action, if any. The Park District will make reasonable efforts to protect you from further contact with such persons.

Grandwood Park Park District
Board Policy Manual

F. Responsibility of Supervisors and Witnesses

Any supervisor who becomes aware of any possible sexual or other harassment or discrimination of or by any employee should immediately advise the Park District Manager, who will investigate the conduct and resolve the matter as soon as possible. All employees are encouraged to report incidents of harassment, regardless of who the offender may be or whether or not you are the intended victim.

G. The Investigation

Any reported allegations of sexual harassment will be investigated promptly. The Park District will make every reasonable effort to conduct an investigation in a responsible and confidential manner. However, it is impossible to guarantee absolute confidentiality. The investigation may include individual interviews with the parties involved, and where necessary, with individuals who may have observed the alleged conduct or may have other relevant knowledge. The Park District serves notice that third parties, including attorneys for the Park District, may be used to investigate claims of sexual harassment.

H. False and Frivolous Complaints

Given the seriousness of the consequences for the accused, a false and frivolous charge of harassment is a major offense that can itself result in disciplinary action, up to and including discharge or, in the case of an officer, suspension or removal from an elected or appointed position. False and frivolous complaints are those accusations with respect to which the accuser is using a harassment complaint to accomplish an end other than stopping the harassment. The term does not refer to charges made in good faith that cannot be proved.

I. Responsive Action

Subject to legal guidelines, the Park District will make the initial determination as to whether sexual harassment has occurred based on a review of the facts and circumstances of each situation. Misconduct constituting sexual harassment or retaliation will be dealt with appropriately. Responsive action may include, for example, training, referral to counseling and/or disciplinary action such as warning, reprimand, withholding of a promotion or pay increase, reassignment or demotion, temporary suspension without pay, termination, or, in the case of an officer, removal from an elected or appointed position, as the Park District believes appropriate under the circumstances.
